

## Common pneumatic symbols

Below are commonly used pneumatic symbols taken from ISO 1219.

Manual Drain

Automatic Drain

Lubricator

Filter

Filter with Automatic

Air Dryer

Pressure Gauge

Air compressor

Air Receiver

Pressure Regulator  
Adjustable – Spring Loaded  
Self-relieving

Pressure Relief (Safety)  
Valve

ISO 1219-1:2006 Fluid power systems and components-Graphic symbols and circuit diagrams  
Part 1: Graphic symbols for conventional use and data-processing applications

This can be purchased from BSI.

For technical enquiries concerning compressed air systems send an email to:  
[technical@bcas.org.uk](mailto:technical@bcas.org.uk) and see the other fact sheets and training courses  
available on our website.
